WIND & FIRE

Jolene and I have a daughter, Sara, who lives in California, a state known for beaches, surfing, sunshine, celebrities and, unfortunately, forest fires.

In her early months there, we were trading phone calls of concern about nearby fires that were seemingly a stone's throw from her apartment. As an Iowa transplant, Sara was terrified. Her California-native neighbors were not concerned. That sounded crazy to me until a friend pointed out that Californians' views on fires are no different than ours on tornadoes. Point taken.

As a child, I recall going in our front yard when a storm was brewing, looking to the sky and stretching my arms out to see if the wind would move me — until Mom would yell at me to get my you-know-what in the house. Then I would stare out the windows and watch the lightning flash and listen to the thunder pound. Eddie Rabbit wasn't the only one who loved a

rainy night.

A tornado, though, is a different breed of storm.

On June 28, 1979, an F3 tore through our neighborhood in my hometown of Algona. This 10-year-old was home alone and shivering under the pool table in our basement while listening to our trees uproot and every window in our home shatter. We were fortunate. Just a couple blocks away, homes were leveled. Some of you, unfortunately, can relate.

These were the days before cell phones, and my mother was north of town at an auction. My brother was at a friend's home. My stepfather was a fireman and was at their monthly meeting. Mom frantically called me three times from a phone at the auction house, demanding that I go to the neighbor's home. I didn't. As a

parent now, I can't imagine the anxiety she felt while driving through and dodging the debris to get back to our home to see if her family was OK. I was reminded of this while watching those California fires on the national news and trading calls and messages with Sara.

Wind and fire are not just two-thirds of an American band known for its kalimba sound and dynamic horn section. They are a reality in much of America. Most of us don't take them as seriously as we should, until Mother Nature slaps us in the face. With the season upon us, we are reminded of how swift and significant these storms can be.

Have a great week, and thanks for reading. ■

RECIPE

SAVOR THE FLAVORS OF SUMMER

(Family Features) Bringing your family together for a meal that tastes like summer is what the season is all about. If you're spending an evening firing up the grill, flipping on the oven, forming a homemade salad or anything in-between, the time spent together enjoying warm weather flavors is what everyone truly craves.

Your next backyard meal can start with a flavor infusion from Newman's Own Garlic Vinaigrette & Marinade, a versatile option that can be tossed with salads or added to proteins before cooking. Made with premium ingredients and a special blend of herbs and spices, it sets itself apart by mixing garlic into the dressing in four different forms – minced, powder, granulated and chopped – to deliver a delightfully bold and zesty flavor with every bite.

If hot weather means lighter fare is on the menu, this Mediterranean Orzo Salad can be ready in mere minutes. Just toss together a handful of tantalizing ingredients for a simple bite of summer that's perfect as a meatless meal or al fresco side dish. Or you can turn it into a quick weeknight dinner by adding cooked chicken, shrimp or a protein of your choice. ■

MEDITERRANEAN ORZO SALAD

Servings: 4

- 2 cups cooked orzo
- 2 mini cucumbers, thinly sliced
- 3/4 cup cherry tomatoes, quartered
- 1/2 cup canned chickpeas, drained and rinsed
- 1/2 cup arugula
- 1/4 cup pitted Kalamata and green olives, cut in half
- 1/4 cup crumbled feta cheese
- 1/3 cup Newman's Own Garlic Vinaigrette & Marinade, plus additional for serving (optional)

In large bowl, combine orzo, cucumbers, tomatoes, chickpeas, arugula, olives and feta cheese. Toss with vinaigrette.

Serve with additional vinaigrette, if desired.

MADISON COUNTY CONSERVATION CAMPS

Madison County Conservation is offering a variety of camps this summer. To see a full list, for more information, and to register, visit <https://www.mycountyparks.com/Event/County/Madison>.

• **Salamander Camp** (ages 5-7), Session 1: June 8-10, Session 2: Aug. 3-5, 9-11:30 a.m. Cost: \$25

Camp participants will discover the things that can be found in different levels of the natural world including the water, soil and air. They will learn about the things that swim in Middle River and take short hikes in Pammel Park to hunt for frogs and fossils along sand bars, search for snails along the trails, and count the birds that fly overhead. There will be interactive games and scavenger hunts to help learn about the inhabitants of Pammel Park. This camp will also feature a lesson on the animal food chain during which the campers will create an interactive food chain craft.

• **Chipmunk Camp** (ages 6-9), June 15-17, 1-3:30 p.m. Cost: \$25

During this three-day adventure, camp participants will learn about the animals that call the nature center home and discover what different animals need to survive. They will learn how our actions affect the world around us and how we can help protect the environment. Campers will also learn about life cycles of park inhabitants including frogs and butterflies. Featured activities will include frog catching, insect netting, and critter catching in Middle River.

• **Kestrel Camp** (ages 8-12), June 22-24, 9 a.m. to noon. Cost: \$25. Campers will spend their time learning about the different types of creatures that reside in Pammel Park including birds, mammals, reptiles, amphibians and the many types of aquatic organisms found in Middle River. Daily adventures will include animal tracking throughout the park, fossil hunting along sandbars, critter catching at the ford, bird watching at the bird blind, and hikes along the backbone trail. There will be an emphasis on water quality and the role it plays in the lives of animals.

• **Outdoor Adventures** (ages 10-15), Session 1: June 29-July 1, 9 a.m. to noon. Cost: \$25. This camp will focus on developing hands-on wilderness skills. During this three-day adventure, learn different fishing methods, learn how to pack backpacks, practice setting up a campsite, try campfire cooking, and discover the meaning of Leave No Trace. There may even be a canoe trip to Cedar Lake. ■
